Generations of Dance – Janie's Fund Sponsorship Letter

Generations of Dance is hosting an event (please see our flier on the last page) and raising funds to support Janie's Fund. After thinking of businesses that we want to be affiliated with, we naturally thought of your business. We are partnering with one of our Dance Competition outlets, the Star Dance Alliance, who participates in Janie's Fund / Dance for Janie which is a movement to address one of society's great inequities with the most statistically vulnerable group of young people in our country.

Almost 500,000 children languish in America's foster care system each year. Far too often children who have already experienced the trauma of abuse and neglect are left to the mercy of inadequate care. The most unfortunate kids – about 20,000 annually (approximately half being young women) – will turn 18 and quickly find themselves discarded, living alone without the support, resources, or guidance of a stable family or network of caring adults in their lives. Histories of mental illness, abuse, neglect, and substance abuse make a successful transition to adulthood next to impossible.

At a critical moment in their lives, these young adults have not acquired the skills to find safe housing, maintain jobs or pursue an education on their own. Many also suffer debilitating mental health issues caused by undeserved and unresolved trauma. Having small children of their own and few financial resources, the obstacles for youth who experience foster care become nearly insurmountable. ***But it doesn't have to be this way.***

Janie's Fund and Dance for Janie is committed to helping the young women thrive through supporting the LifeSet program that gives them the support, resources, and care to fully heal and reach their dreams. LifeSet, a program created by Youth Villages, is the most comprehensive, effective intervention that delivers positive results. Together, we're lifting these girls up, helping them move forward and chase their dream!

By sponsoring our studio, you will not only be supporting Janie's Fund you will also be supporting our studio and our dancers in their efforts to host and participate in our event to bring attention and raise funds for Janie's Fund.

We offer a range of sponsorship levels. Your generosity will not go unnoticed, and we are committed to acknowledging your support in a way that benefits your business.

Janie's Fund is a philanthropic platform and powerful movement created in partnership with one of America's most effective nonprofits, Youth Villages, to expand effective services for many of our country's most vulnerable girls who have survived the trauma of abuse and neglect. Janie's Fund is committed to elevating voices, so that every girl can reach their full potential and one day become a strong woman.

"Janie" has become the personification of strength, hope, and healing. Showcasing both resiliency and determination, "Janie" is committed to helping lift others up, and working alongside others, as they seek to build a better world full of empathy and kindness.
