Class of 2022 SENIOR - JACQUI MEUDT

2022 Senior Spotlight - Jacqui Meudt

From Jacqui's Mom aka Patrish: Jacqui has been dancing since she was 2.5 and luckily her path lead her to Generations of Dance at the age of 7 when she decided she wanted to compete. It was the best decision we ever made - for her and Me. Not only was her potential noticed and nurtured, but she also made the best friends of her life, as did I. She quickly decided that dancing was her passion and put her all into it. It was an amazing ride. She has so many strong bonds with her teachers and her teammates - that could never be recreated. This fall she will be headed to college and thankfully continuing to dance - we can't wait to see what her future holds.

More facts about Jacqui:

- Her favorite moments were: Winning three grand champions with my best friends, all the competition memories, Shaniqus and Felish
- Her favorite dances were: This year: All in a flash. Through the years: Foster Kids & The Hopefuls
- Her favorite style of dance is Contemporary
- Her advice for younger dancers is: Work really hard, but know how to have fun. These are the friends and memories you are going to have for the rest of your life, don't take them for granted. Go out on stage and just enjoy every moment out there like it's your last,
- Jacqui's future plans: Attending the Honors College at West Chester University in Pennsylvania, majoring in English and minoring in Communications and Dance and planning to dance with the University Dance Company.
- Fun Fact about Jacqui: I used to be intimidated by all the girls on my team, who I now call my best friends.
- What she will miss most: I will honestly miss the laughter the most. Nobody will have my heart the way my team does. There is something so special about the bond I've created with everyone at generations of dance, and that is something I will hold onto forever.
- A note from Jacqui: S&F & GenE forever
- Our message to Jacqui: We will miss you incredibly. You have been such a hard worker and role model to our younger students. Your joyous spirit elevates us all and we will miss hearing your giggles (among other noises). We know your teammates will miss you even more, and it just won't feel the same around here. We are so proud of your accomplishments and know that you are going to go on to much success, we also know that you will come back to join us and visit us as often as possible. Thank you Jacqui and your family for spending so many great years with us and becoming a part of our family and now our Alumni family. We love you always!

"I can't wait to see how much you all improve when i'm away and i can't wait to come back and visit all of you"

SO PROUD OF YOU ON YOUR 1ST PLACE WIN

♥ Class of 2022 - SENIOR JERILYN MEYER

2022 Senior Spotlight - Jerilyn Meyer

From Jerilyn's Mom: When we started looking for a dance studio, I kept hearing about a new studio -- I figured we would check it out. Little did I know at that time that this would be my kid's second home, and the teachers and moms would be like second moms to my 'little ones'. All I knew was that this studio was about more than dance, it was about giving back to the community, and teaching these kids about charity. Not only did Miss Beth teach Jerilyn the love of dancing, she also highlighted what it means to give back. Through the many outreach programs including Toy Drives, dinners and parties for those in need, and Nutcracker for a Cause, Jeri has learned so much about life, how to be a good person, and how to love what you are doing. We will be forever grateful for her time here, and the friendships that we have all made that will last a lifetime.

More facts about Jerilyn:

- Her favorite moments were: - the first normal competition after covid on a real stage, the feeling of getting into showcase
- Her favorite dances were: built from the ashes and hush hush
- Her favorite style of dance is contemporary and jazz
- Her advice for younger dancers is: "attend as many classes as you can. that "easy ballet" is actually very helpful, and the harder you try in all of your classes and the more effort you put in, the better you will get. remember to not take everything so seriously, you should always stay positive and laugh when you can".
- Jeri's future plans: Attending East Stroudsburg University with a major in middle school education with a focus on english. I want to minor in psychology and join the dance team.
- Fun Fact about Jeri: I play the bass clarinet
- What she will miss most: "I will miss the adrenaline of being on stage and being backstage and cheering on the other dances. i will also miss all of the fun we had in class and the combos"
- A note from Jeri: "I can't wait to see how much you all improve when i'm away and i can't wait to come back and visit all of you.
- Our message to Jeri: We will miss Jerilyn greatly, she has been such a pleasure to work with and has so many bonds with her teammates. We can always hear her laugh throughout the studio. She has such will to work hard and it was so amazing to see her also succeed in the colorguard program at her high school. We, her friends and teammates will miss her so much! When you look into Jerilyn's eyes, you can see that she is a shining star and she will have an amazing future. We wish her so much luck and know that she do wonderful and will still come visit and join us. Thank you Jerilyn and your family for spending so many great years with us and becoming a part of our family and now our Alumni family. We love you always!
